DEAR EXPECTANT PARENTS,

Hello, thank you for taking the time to learn more about our family and considering your choices. We are excited to grow our family via adoption. We acknowledge that you are making the hard decision on what is best for your child, and we respect your selfless and brave choice. We hope this book gives you a glimpse into our lives.

We look forward to meeting you.
Blessings, Ahmad and Corinne

about us

HOW WE MET

We met each other online. We developed a strong foundation by getting to know each other through emails, texts, and phone calls. We had an immediate connection on our first date in 2010. We share the same faith beliefs, an essential foundation of our marriage. We got married a year and a half later, in July 2011. We love going on trips, bargain shopping, hanging out with family, and playing games.

We are so excited to build our family through adoption and have spent the last several years in preparation. We are ready to give unconditional love and wisdom to a child and create sweet memories together.

a little about

AHMAD

I have a finance degree and enjoy crunching numbers as a Senior Cost Analyst. I have a protective personality. I'm a "go with the flow" type for choosing activities to do. I love encouraging and praising everyone for doing their best when they accomplish anything. I feel that everyone has a significant purpose, and I enjoy helping others to realize their purpose. I'm the type who enjoys giving presentations and providing training to empower others. I love playing and watching all sports. I also love wearing the jerseys of different teams. I cannot wait to be a father and share my passions with our children.

a little about
CORINNE

I am an extrovert who loves being around people. I love to meet people, dance, watch movies, attend concerts, try new restaurants, and be on the go exploring different places. I am a planner and find fun things to do. I have a bachelor's degree and work as an advocate in higher education to ensure college students with disabilities have equal opportunities. I love helping others to succeed and encouraging them throughout their journey. I strive to find the silver lining in each challenge. I cannot wait to be a mother to nurture our children, empower them in their purpose for life, and share fun adventures.

HOW AHMAD THINKS OF CORINNE

Corinne is my best friend and soul mate. She has a caring, loving, fun-filled, and sassy personality. She loves to research and learn new things. She has a huge heart for others. She is an advocate for anyone who is either mistreated or not understood. When she sees someone mistreated, she speaks up for them and passionately defends them. She is a strong cheerleader who encourages others to do their best. She loves to try out new things and broaden her horizons. Even though she has grown up hard of hearing, she has not let it stop her from achieving her goals and dreams. She loves decorating and baking. Corinne will make a fantastic mother to our children by nurturing them and empowering them to find their purpose in life.

HOW CORINNE THINKS OF AHMAD

Ahmad is my soulmate and best friend. We are opposite in many ways that complement each other attributes. He is a great leader at his job and is always uplifting others. Ahmad is an excellent problem solver and patience. He knows how to make me laugh and motivate me. Ahmad always put my needs before his needs. We are such a great team, and I am so blessed that God has blessed me with a wonderful husband. I love watching him interact with our nieces and mentoring them. I cannot wait to see him fulfill his lifelong dream of being a dad to our children and impart his wisdom to the children.

Adventures

Together, we love to see and experience new places, people, and foods! We appreciate the beauty of the world around us and try to soak in as much as we can each year, whether it's around our home or a far-off destination. Recently, we had the opportunity to go to Orange Beach, Memphis, and Disney World in the last two years. We hope to travel to more places and enjoy new adventures with our children.

We live in a wonderful neighborhood that includes diverse families and neighbors who have grown their families by adoption. We live in a great school district. The neighborhood kids love playing in the community playground behind our house and walk around the neighborhood. We look forward to our children and their friends swimming in our pool.
