Our Story

Sarah and Dave's love story began on a dating app, where their shared sense of humor, love of travel, and thirst for adventure sparked an instant connection. After only 3 months of dating they travelled to Iceland to see the Northern Lights! From the very beginning, they knew they had found something special in each other—a bond that only grew stronger with time.

After a period of dating, Dave introduced Sarah and Aiden. What followed was nothing short of magical. Sarah and Aiden bonded instantly, their connection forged by laughter, love, and friendship.

Five years ago, with Aiden's blessing, Sarah and Dave got married. Sarah, Dave, and Aiden became a family of three.

Meet Dave

Dave has a Doctorate in Pharmacy and a Master's in Business Administration. He works from home for a large pharmaceutical company. Before becoming a Pharmacist, Dave served in the Marine Corps. Prior to that he worked in emergency medicine, a testament to his compassion for others & selfless attitude.

Fun Fact: Dave read the whole Twilight series while deployed!

Not only is Dave hard working but he has a great sense of humor. His knack for dad jokes is legendary, often leaving his family groaning (and secretly chuckling).

When he's not spending quality time with his family, Dave is a man of action. He enjoys biking and jiu-jitsu. When Dave is relaxing at home you'll likely find him engrossed in action-packed movies, novels, or barbequing for the family.

Dave's loved ones hold a paramount place in his heart and he never fails to let them know it. Whether it's a spontaneous outing or a quiet evening at home, Dave makes sure they feel cherished and valued.

Meet Sarah

Sarah holds a Master's degree in Finance and works in Market Strategy for a large Cincinnati-based company. Sarah values the flexibility of her career, working from home three days a week, allowing her to maintain a healthy work-life balance.

Outside of her professional endeavors, Sarah is an adventurous soul who enjoys the great outdoors with a particular fondness for swimming, hiking, and camping.

Sarah finds the most fulfillment when she is sharing experiences with her family. She and Aiden frequently enjoy trips to the museum, zoo, and pool. Beyond being active, Sarah likes to relax by immersing herself in a good fantasy book.

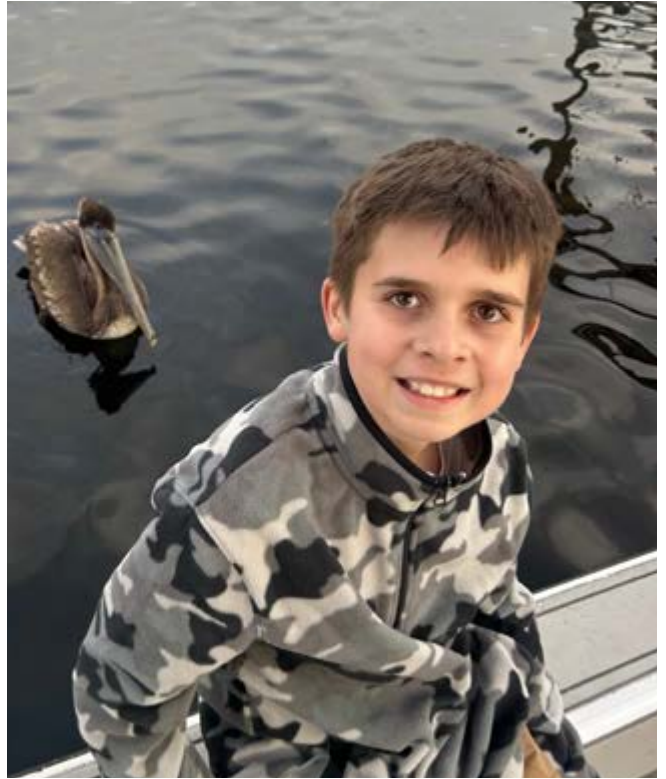

Sarah is a very kind, selfless, and compassionate person. She strives to prioritize and be supportive of her family each and every day.

Meet Aiden

Aiden is a fun loving 10-year-old who lives for adventure and thrills. He's an avid reader of comic books and has a talent for drawing. Alongside his love for exploration, he enjoys training and competing in mixed martial arts.

When it comes to reading, he's drawn to epic adventures like those found in Harry Potter and Percy Jackson. Math is his favorite subject in school, showcasing his sharp intellect.

Aside from his playfulness and knack for jokes, Aiden's heart is full of kindness and patience, which will make him a wonderful big brother.

Our Dogs

We are dog people and have two dogs, Merino and Lina. Both of our dogs were rescued. They are great companions whether during one of our many camping adventures or while just relaxing at home.

Merino is a Black Mouth Cur. He was adopted from the Colorado Cell Dog program and was trained by prisoners.

Lina is a German Shepherd. She loves kids and enjoys playing with Aiden in our backyard.

Our Hobbies & Interests

As a family we love to try new things which is why we travel a lot. Even when we aren't traveling, we enjoy going to food competitions, parades, and sporting events. At home we frequently play board games, our favorite is Trouble, and watch the latest Marvel and Star Wars shows.

Our Family

Dave was raised in sunny Southern California while Sarah is from Colorado. Now settled in Ohio, we cherish our connection with our extended families, often hosting Sarah's parents who visit almost monthly. Aiden spends the school year in New Mexico and comes to Ohio for summer and holiday breaks, so holidays are special times for our family.

Our family bond extends to our siblings, nieces and nephews, with whom we enjoy yearly vacations. We enjoy beach getaways, camping escapades in our trailer, and thrilling visits to amusement parks. Regardless of the destination, our family always finds joy in each other's company.

The thought of welcoming another child into our family fills us with immense joy. Pursing adoption has been a goal of ours since we got married. Adoption is especially significant to us as Sarah's mom was adopted. Our child will be surrounded by strong role models and a wonderful supportive family that will welcome them with open arms.

Our Home

Our four bedroom home is located in a Cincinnati suburb and nestled on a tranquil cul-de-sac. Our spacious living areas offer plenty of room for family gatherings, movie nights, and playtime. The lush greenery surrounding our large lot transforms our backyard into a picturesque park-like oasis, perfect for little ones to explore, play, and let their imaginations soar.

Our neighborhood is a great community with lots of young families. We frequently take part in neighborhood parties and events. Just a short stroll down the street, you'll discover a charming park that is the perfect backdrop for outdoor fun and quality family time.

Our PROMISE

First and foremost, we want you to know that we promise to love your child unconditionally. From the moment they enter our lives, they will be cherished, cared for, and nurtured by every member of this family. Our home will be filled with warmth, laughter, and endless opportunities for growth and exploration.

We understand the importance of providing your child with every opportunity to discover their passions and talents. Whether it's through education, extracurricular activities, or simply encouraging their curiosity, we will be there every step of the way, supporting and guiding them as they navigate the journey of life.

We also want to assure you that we respect the level of openness you desire in your adoption plan. We understand that every adoption is unique, and we are committed to honoring your wishes regarding communication and involvement in your child's life.

Above all, we promise to make sure your child knows their adoption story and how deeply loved they are. We believe that honesty and transparency are essential foundations for building strong relationships, and we will always be open and honest with your child about their story and the love that led them to our family.
