We cannot truly understand everything you are going through but please know we offer out sincere support and prayers. We can only try to understand the difficulty in the decisions that lie ahead for you. It is obvious the plan you are making is being made out of love, courage, and selflessness and that you are trying to make the best decision for this child. We hope by looking at our photos and reading about our lives you will find comfort in knowing how much we want to share our lives with a child.

OUR PROMISE TO YOU

is that we will always love, cherish, and protect this child. We will honor the level of openness you are comfortable with while providing a safe and loving environment.

Our Story

Niki was about to be a senior in high school and moved into a new house with her family. Little did she know that the love of her life was living right next door.

Robbie came to the new neighbors house to invite them over for dinner and invite them into the neighborhood.

Three days later over his mom's famous mostaccioli and a baseball game it was very clear that this was the beginning of something amazing.

Robbie and Niki dated for five years and supported each other through school and finding their own paths.

Robbie proposed in 2017 and we were married in October of 2019.

Five years later we are living in the country and have two very sweet dogs.

We have so much love to give a child and we are excited to have the opportunity to expand our family through adoption. If we are given the privilege to adopt your baby, always know, we will unconditionally love and cherish your child and they will forever know the sacrifice you have made out of love.

MEET *Niki*

I was born and raised in Cincinnati, Ohio and am the youngest of four. I loved growing up with older siblings because I got to go everywhere with them. We went everywhere from theater to football. I went to a Catholic grade school and played in many sports but ultimately focused on debate team and achieving academic goals.

I love sports! Football is my favorite season, but I also enjoy going to baseball games and playing volleyball with friends!

Robbie and I have fun challenging our siblings to laser tag on family nights. Besides sports, I enjoy doing crafts, reading, and playing with my dogs!

I also volunteer at church whenever I can!

Robbie and I moved out to the country in 2022 and we love it! We would love to have chickens soon and are working on building a chicken coop together! I also love four-wheeling around our 10-acre mini farm and taking our nieces and nephews for rides!

MEET *Robbie*

I was raised in Cincinnati, Ohio with my three siblings. I am the third one with two older sisters and a younger brother. Growing up I played sports in school, but I was drawn more towards building and fixing. My mom would tell me stories of when I was a kid and all the other kids would play games and I would be off building something or helping my Dad and uncles fix something. I knew I wanted to grow up and own my own company. I started working for that goal

when I was 16. I started cutting grass and doing landscaping jobs after school and on the weekends. When I wasn't working toward my dream I would go camping with my family or vacation to Florida.

I went to a public school, but my faith was and is very important to me. It guides me in every aspect of my life.

Niki and I moved out to the country a couple years ago and it has been great! We are looking to get farm animals soon. Now, we host family night once a month for all our siblings and nieces and nephews to come over for food and fun!

I also love dogs and we have two of our own!

Our Home

We love our home! We take pride in all the work we have accomplished the past two years. When we bought the house it was not livable and we renovated it into a warm and cozy home for everyone to gather. We are continuously making improvements to the house and to the farm. We have not only remodeled our house and made it a home, but we are also working on the barns to make them gather areas for friend and family as well!

Our kitchen is the heart of the home! We cook, bake, and gather here with our extended family at least once a month! Here is the before and after. We love how our home is coming together!

We moved to the country in 2022 and could not be happier with our decision! We love being in a smaller community that treats us like family. We go farmer's markets for fresh veggies and we take the nieces and nephews to the fairs in the autumn to go on the rides and play games. We listen to music of the river and eat pizza with the family. We also volunteer at our church as much as we can.
