# Hello!

*We are Jesse, Stephanie and Noah*

Hello! We are so glad you picked up our book. We can't begin to imagine what emotions you are going through right now. We want you to know that we truly do care about you and your baby. We think you are incredibly brave to consider the decision about adoption. We are very humbled to become adoptive parents again. Any baby we are fortunate and blessed to adopt will be cherished and loved beyond measure from not only us, but our extended family as well. Thank you for taking the time to look inside our lives to see what kind of family your baby could grow up in. We know this is an incredibly difficult decision for you and we admire your strength, courage and wisdom. We promise to raise this child to be full of hope, laughter, kindness and with a sense of purpose in their life!

Thank you!

# More about us and our story

Jesse and Stephanie met in college as undergraduates. During the first week of school, Stephanie called her mom and said she met the man she was going to marry, and she was right! They share a great life together and want to live life to the fullest.

After getting married they tried to start a family, but it was very difficult. Stephanie got pregnant, but lost the baby at 4 1/2 months:( They tried for many more years to get pregnant, but it just did not happen for them. They both felt God was leading them to adopt. They prayed about adoption for a long time and were then blessed with a perfect little boy, Noah. They feel led again to be adoptive parents and are so excited to see what plan God has for them.

# Meet Noah

Noah is incredibly spunky! He truly loves life and lives to the fullest. One of the things that we love most about Noah, is that he has a kind heart. He loves people and is always smiling. He has asked for over two years to be a big brother and loves babies. He loves to help out and will be the best big brother.

Noah loves to ride horses and has ridden in two competitions. He LOVES sports and has played basketball, baseball and soccer. He also plays violin. Noah is the biggest blessing and we love being his parents!

# Meet Nini (Grandma who lives with us)

Stephanie's mom (Sharon/aka Nini) has an attached apartment to our house. We are so lucky to have a live in grandma! And let me tell you, she is so excited to be a grandma again!

Sharon is the biggest blessing we could ever ask for. Noah and her spend so much wonderful time together, they both LOVE being outside. Sharon was a landscape designer for over 30 years and plants the most beautiful gardens imaginable.

The best part about Nini is the love and attention she gives to Noah. She spends quality time with him, teaching him things only a grandma can:) They love riding bikes, playing in the dirt and reading books together.

# More about us and our family and friends

Our family is our greatest treasure. Stephanie grew up with three older brothers and Jesse has a brother. We have a LARGE extended family and so many kiddos to play with. We love traveling and being on the water. We love to stay on the beach in California, Florida and Lake Michigan. Our family loves the Cincinnati Reds and Bengals and have attended many games. We also love attending music events at the Arnoff and Cincinnati Symphony. We have been blessed to travel across Europe and Asia with friends and family. We can truly say that our family is very close and loves spending time together. We also have a close-knit group of friends. We spend time weekly with a group of 10 families from church during our bible study, there are a lot of kids! They are all very excited that we are adopting again.

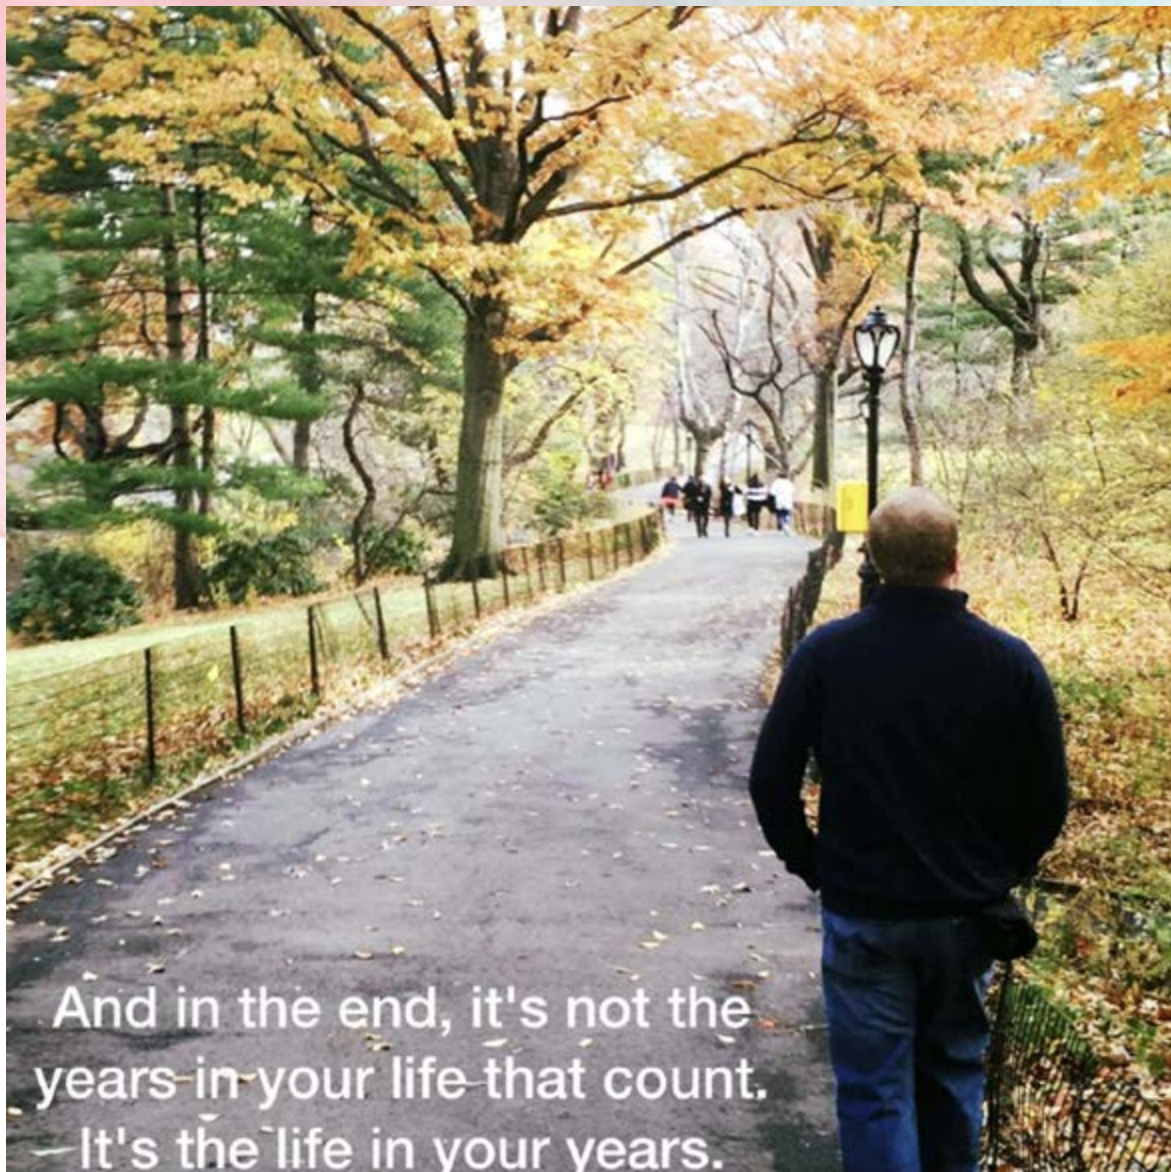

# *Our Home*

We are very blessed to live in a five-bedroom, 3,000 square foot home in one of the top school districts in Ohio. There is a large fenced in yard and play set. There are acres of hiking trails at the end of the street and a swimming pool in the community.
